This is what the square looked like one hundred years ago. You won't see much evidence of them now but there were once lots of houses, shops, and even a bakery right here in the square.

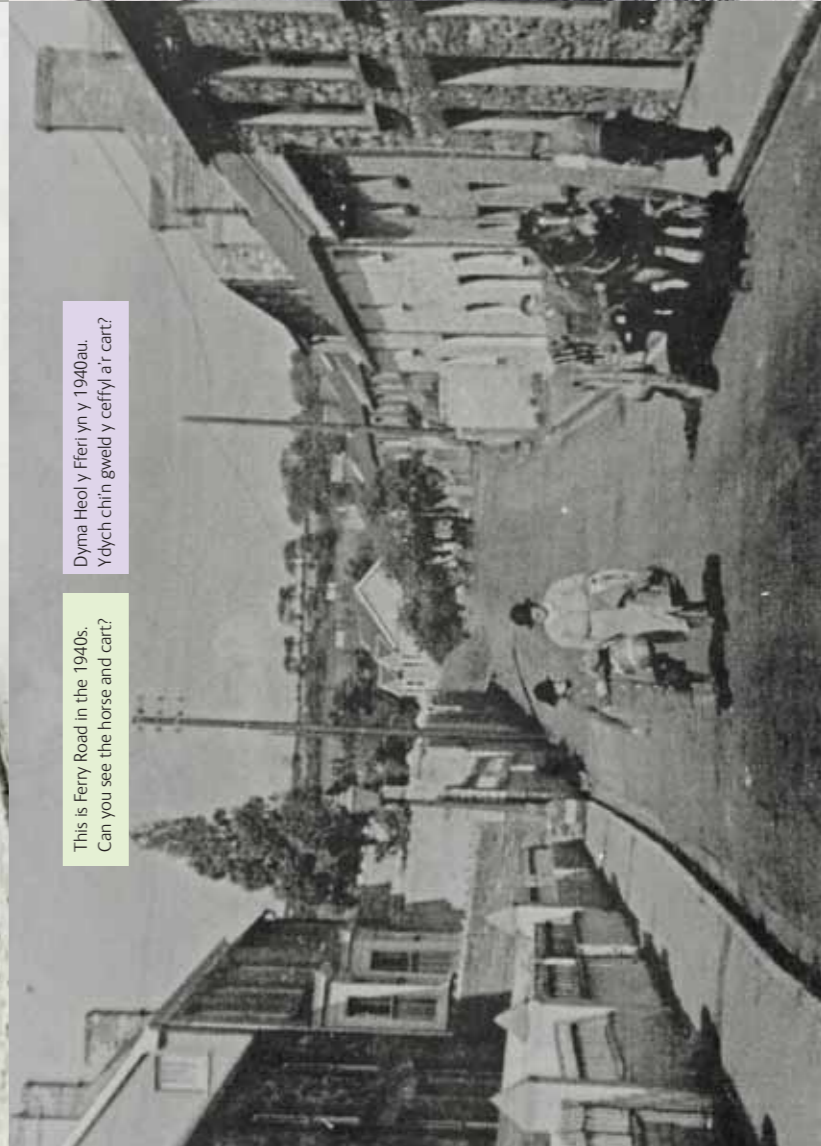

Dyma sut edrychait'r sgwâr gan mlynedd yn ôl. Er mai prif yw'r olin sydd i'w gweld heddiw, ar un adeg roedd llawer o dai, stopau a phoply hyd yn oed yma ar y sgwâr.

This is Lady Street about one hundred years ago. Just out of the picture - to the left - is St Mary's Church.

Dyma Heol Fair tua chan mlynedd yn ôl. Ychydig i'r chwith - y tu allan i'r lun - y mae Eglwys y Santes Fair.

This is Ferry Road in the 1940s. Can you see the horse and cart?

Dyma Heol y Fferi yn y 1940au. Ydych chi'n gweld y ceffyl a'r cart?

This is what Water Street would have looked like at the start of the last century. At this time the castle was in serious need of restoration.

Dyma olwg debygol Heol y Ddŵr ar ddechrau'r ganrif ddiwethaf. Ar yr adeg honno roedd angen dybryd gwneud gwaith adfer ar y castell.
