263 BLACK CAT TOURISM STRATEGY

The town clerk informed members that she had received a termination of partnership letter from the Hub. The town council is the lead organisation, the Hub being the delivery partner. The letter suggested that Hub directors meet with representatives of the council on 20th December 2022 to finalise the terms of the dissolution of the partnership. Intellectual property rights and capital assets have to be considered.

It was reported that a Facebook meeting, led by the Hub Directors, had taken place at 5.00pm, just before this Full Council commenced. Several councillors who had joined Facebook indicated that many of the comments made were derogatory to the town council.

It was noted that the Lottery Officer will meet with the town clerk and secretary on 14th December 2022. It was **RESOLVED** not to make any decisions until after this meeting.
